GOVERNMENT OF BOMBAY.

FINANCE DEPARTMENT.

Circular No.8255/33.

Bombay Castle, 21st November 1950.

C I R C U L A R.

It has been brought to the notice of Government that Government servants proceeding on leave after the preparation of the pay bills of their departments or offices which is usually done at the beginning of the last week are allowed to draw duty pay for the entire month in the absence of any sanction for the period of absence from duty. This is irregular. The correct practice in such cases is that the Government servant concerned should be paid his duty pay and allowances; and his leave salary, should be paid only when leave is sanctioned. If there is no difference between pay and leave salary the Audit Office should specifically be informed of the fact indicating the period of leave, leave salary, etc.,so as to enable that office to keep notes of the period of leave on the original bill. In cases where there is difference in the amount of leave salary due to the Government servant a supplementary bill will be prepared showing the amount due and at the same time showing the refund of the amount already drawn, the difference will be claimed from the Treasury or the Audit Office as the case may be. If on the other hand, the amount due is less than that already drawn, the refund of the latter to the extent of the amount claimed should be shown and the bill sent to the Treasury or the Audit Office as the case may for audit, etc. In such cases the bill in which the remaining balance of the amount still to be refunded has actually been refunded should be communicated to the Audit Office. The undisbursed pay should not ordinarily be refunded into the Treasury or the Reserve Bank of but the same should be adjusted by short drawal in the pay bill for the next month, vide rule 283 (2) of the C.T.Rs., Vol.I.
